AMENDMENT
(Filed in response to Paper No. 17)

Commissioner for Patents
Washington D.C. 20231

Sir:

As set forth in the accompanying cover letter, this
Amendment is being filed in response to the Office action
mailed August 7, 2000.

The Examiner objected to the specification for numerous
reasons and stated that the required additions and alterations
would render it difficult to consider the application or to
arrange the papers for printing or copying. For this reason,
a substitute specification was required pursuant to 37 CFR
1.125.

Please amend the application without prejudice as
follows:

IN THE CLAIMS:

Please amend claim 73 as follows:

On line 4, please delete "phosphoric ions," and insert
therefor --phosphorus-containing ions,--.

IN THE SPECIFICATION:

Please replace the specification with the substitute
specification filed herewith, in accordance with 37 CFR 1.121
and 1.125(b). One clean copy of the substitute specification
is provided, as well as one marked-up copy showing the
